

'AAYAM PARIVARTAN' AND 'YASHODA HOSPITAL' UNITE IN GHAZIABAD

12 October 2025

A Grand Success for Health Services: 'Aayam Parivartan' and 'Yashoda Hospital' Unite in Ghaziabad

Reaffirming its unwavering commitment to social causes, the prominent social organization 'Aayam Parivartan', in collaboration with Yashoda Superspeciality Hospital and Cancer Institute (Sanjay Nagar), has authored a new chapter in the healthcare revolution. Under the pledge "Your Health, Our Priority", a grand free health check-up camp was organized at River Heights Society, serving as a living example of humanity and service.

Diverse Participation: Youthful Energy and Elderly Wisdom

The greatest success of the camp was its extensive reach. During the event, more than 100 people underwent health screenings. A notable highlight was the active participation of both the younger generation and the elderly. While the youth consulted specialists regarding lifestyle-related issues, senior citizens sought in-depth medical advice for chronic ailments and long-term health management.

The Mission: Extending the Right to Health to Every Citizen

Organized under the initiative 'An Initiative by Aayam Parivartan', the primary objective of this camp was to bring modern medical services directly to people's doorsteps.

"Our goal is not just to provide treatment, but to build a healthy society. Our core mantra at 'Aayam Parivartan' is to ensure every individual receives quality healthcare, and this camp is a powerful step in that direction."

~Stuti Bhushan, Secretary (Aayam Parivartan)

A Shield of Expertise: The Dedication of the Medical Team

A team of experienced doctors from Yashoda Hospital provided their selfless services at the camp:

Dr. Shaan Hamed (General Physician): Provided expert consultation on general illnesses and health management.

Dr. Liba (Dental Specialist): Conducted thorough examinations for oral health and dental diseases.

Vivek (Eye Specialist): Performed vision testing using modern equipment.

The Dedicated Support Team:

The seamless execution of the camp was made possible by the hard work of team members including Ravi Dhillon, Shreya, Ashish Yadav, Aditya, and Parsanjeet. Their coordination ensured the process was smooth and effective for all visitors.

Conclusion: Strides Toward a Healthier Tomorrow

This event was more than just a camp; it was an exemplary display of social responsibility. The residents of River Heights praised the initiative, calling it a vital necessity for the community. The joint effort of 'Aayam Parivartan' and 'Yashoda Hospital' has proven that collective action is the foundation of a healthy and empowered society.

Location: River Heights, Ghaziabad

Organizers: Aayam Parivartan & Yashoda Superspeciality Hospital
